

“Try-Cycling!”

Have you ever thought about starting to cycle but wanted a chance to try before you buy? Or perhaps you needed some extra moral support to get going?

Bradford Bike Hub runs a scheme called **Try-Cycling** designed to give staff members at Bradford College and the University of Bradford an opportunity to have a go at riding a bike with all the support you might need.

It is essentially a free bike loan scheme for staff of all the Bradford Bike Hub Partnership. Participants can sign up for:

- ❖ A free high quality hybrid **bike** for 6 weeks (plus helmet, locks, lights and pannier bags)
- ❖ Free **cycle training** for all abilities – including beginners
- ❖ **Motivational support** from Sustrans and the camaraderie of others also borrowing bikes in the scheme.
- ❖ A **journey logging** website
- ❖ **Goal setting** sessions
- ❖ **Maintenance** support
- ❖ **Route advice** and anything else you need to get started.

Places are limited so to sign up or find out more email info@bradfordbikehub.com or visit www.bradfordbikehub.com
